Item 050 GOVERNING PUBLICATIONS

Except where specific exceptions are made hereto, shipments moving via Oak Harbor Freight Lines, Inc. shall be subject to the National Motor Freight Classification (STB NMF100 Series), OAKH100 Rules and Additional Charges, Oak Harbor Freight Lines Points and Service File and individually negotiated pricing agreements and contracts between Oak Harbor Freight Lines and its customers.

1. The National Motor Freight Classification (NMFC) may be referenced from time to time herein or in other Oak Harbor written documents as the NMFC, NMF100 Series or Class IT (Web based NMFC).
2. Oak Harbor Freight Lines, Inc. may be referenced from time to time herein or in other Oak Harbor written documents as Oak Harbor, Oak Harbor Freight Lines, OAKH or carrier.

Item 051 SPOTTED / DROPPED TRAILERS - UNLOADING

When Carrier drops its trailer(s) at Consignee's facility for the purpose of Consignee unloading such trailer(s) and Carrier leaves the trailer(s) unattended during such unloading process, or when Carrier's personnel is denied access to the dock to witness the off load, the following procedures will govern Carrier's handling of said shipments.

1. Carrier will provide a signed/dated copy of the Delivery Receipt for each shipment said to be loaded on the trailer(s).
2. Carrier will clearly mark each Delivery Receipt with "Spotted Trailer" and "Trailer Number".
3. Consignee (Receiver) will provide the Carrier a counter signed signed/dated Delivery Receipt/s at the time the trailer is dropped.
4. Carrier will consider all freight as "Delivered Clear", without written notification from the Consignee (Receiver) of exceptions within 24 hours of the trailer/s being dropped. In the event of damage exceptions, the Consignee will also provide supporting photos.
5. Any exception noted by the Consignee (Receiver) and reported to the Carrier within the specified time limits, will be the responsibility of the Carrier, with the exception of Shipper Load Count (SLC) trailers as referenced below.
6. Exceptions not reported by the Consignee or not reported by the Consignee within the specified time limits, will be the responsibility of the Consignee and no claim will be filed against the Carrier.
7. Shipper Loaded Trailers (SLC): If the Carrier does not off-load the freight and it stays on board the trailer from the Shipper's origin facility to the consignee's facility, liability for shortage or damage will be with the Shipper and no claim will be filed against the Carrier.
8. In the event a claim is filed with the Carrier, the following procedures will govern:
 - a. Per NMFC Item 300140 the carrier has a right to inspect the product and the packaging to determine the extent of damage and carrier liability. The Consignee is to provide supporting photos in all instances of reported damage. In instances of damage valued over \$500.00, the Carrier may at its discretion require an "Independent Third Party Inspection".
 - b. In accordance with NMFC Item 300150: All damage freight & original packaging must be retained by the consignee and/or claimant in the same apparent condition as was tendered at the time of delivery until further notification or acceptance of liability is received from the carrier. If carrier liability is determined, disposal provision will be given to the consignee and/or claimant. Upon acceptance of full carrier liability, damage freight becomes the property of the carrier to salvage and/or to dispose of accordingly.
 - c. Cargo claims must be filed within nine (9) months from date of delivery or in the event of loss, within nine (9) months of expected delivery date.

Item 052 SPOTTED / DROPPED TRAILERS – LOADING (SHIPPER LOAD & COUNT - SL&C)

When Carrier drops its trailer(s) at Shipper's facility for the purpose of Shipper loading such trailers and Carrier leaves the trailer(s) unattended during such loading process, the following procedures will govern Carrier's handling of said shipments.

1. All shipments loaded on Carrier's trailer(s) will be considered Shipper Load & Count (SL&C) to the first check point of the Carrier.
 - a. First check point may be the local service center of the Carrier or may be the Breakbulk Service Center or the Destination Service Center if the shipment is not off loaded.
2. Carrier's driver, when picking up the loaded trailer, will secure the Bills of Lading for each shipment said to be loaded on the trailer(s) by the Shipper.
 - a. The Bills of Lading will be signed SL&C by the Carrier with the dated Bill of Lading indicating the date of said pickup.
3. Upon arrival of the trailer(s) at Carrier's origin service center, the freight off-loaded, will be checked for condition by the Carrier and counted as to pieces (securely wrapped, banded or otherwise secured pallets will not be counted as pieces but will be considered said to contain (stc) the number of cartons indicated by the Shipper). Any exception in the condition of the shipment(s) or piece count will be recorded on the Carrier's Local Unit Exception Report and emailed/faxed back to the Shipper within twenty-four (24) hours of unloading, excluding weekends and holidays.

Any exception noted by the Carrier and reported to the Shipper within the specified time limits, will be the responsibility of the Shipper. Any exception noted by the consignee but not reported by the Carrier or not reported by the Carrier within the specified time limits, will be the responsibility of the Carrier, with the exception of left on trailer (LOT) shipments.

Carrier will retain the email/fax confirmation as proof of notification of the exception report by the shipper. If verbal request for exceptions are made by the Shipper, Carrier will follow up by email/fax and retain the email/fax confirmation as proof of notification.

4. Any shipments that are LOT (not off-loaded or checked as to condition or piece count by the Carrier's origin service center) are to be reported to the Shipper as such, along with the exception information being furnished from the first check point service center. The first check point on an LOT could be the breakbulk or destination service center.
5. If the Carrier does not off-load the freight and it stays on board the trailer from the Shipper's origin facility to the consignee's facility, the following liability provisions will govern:
 - a. If Carrier's driver stays with the trailer during the time the trailer is being unloaded, the liability for shortage or damage will be with the shipper.
 - b. If the trailer is dropped at the consignee's facility for unloading by the consignee, the Carrier will require a clear delivery receipt before the trailer is dropped.
6. When Carrier has more than one trailer report to submit to Shipper, Carrier will submit each trailer report separately. In the event there are no exceptions, the Carrier's exception report will show trailer number, date of pick up and the notation "no exceptions". If the Carrier fails to submit an exception report, the Shipper will assume there were no exceptions.
7. In the event there are discrepancies, Carrier will report the type of exception by trailer number, date of unloading and the pro number assigned to the shipment. Where possible, the Bill of Lading number will also be included on the exception report.
 - a. Overages will be held by carrier until shipper furnishes disposition. However, if no disposition is received in five (5) working days, the freight will be returned to the Shipper on a deadhead freight bill.
 - b. From time to time, the Carrier may elect to take digital photographs of damaged shipments and/or poor loading by the Shipper to assist with our Avoidance and Prevention Program.
8. Concealed damages discovered by the consignee must be handled in accordance with items 300135, 300140, 300145, 300150 and 300155 of the National Motor Freight Classification (NMFC).
 - a. Each concealed damage will be handled on its own merits.
 - b. In addition to declining such claims, the Carrier may elect to present a compromise settlement offer as determined by the investigation.

Item 052 SPOTTED / DROPPED TRAILERS – LOADING (SHIPPER LOAD & COUNT - SL&C) (Cont'd)

- c. In order to be considered for a compromise settlement offer by the carrier the following will be necessary:
1. Concealed damage must be reported to the carrier within five (5) days of delivery by the Carrier.
 2. All packaging must be retained in the event the Carrier has a need to review the packaging.
 3. The shipment cannot have had any additional transportation after delivery by the Carrier.
 4. There is no visual evidence of damage to the shipping container that should have been detected at time of delivery.
9. Cargo claims must be filed within nine (9) months from date of delivery or in the event of loss, within nine (9) months from date shipment should normally have been delivered.

Item 055 COMMODITIES NOT ACCEPTED FOR TRANSPORTATION (PROHIBITED ITEMS)

Item 056 SHIPPING DOCUMENTS

1. All documents pertaining to the shipment must be presented with the freight at the shipping point to be binding.

Item 057 PAYMENT TERMS

All payments on services provided by Oak Harbor Freight Lines are due from customer within 30 days of original invoice date. The pro # and amount paid for each pro # must be referenced on the remittance information. Should amount charged by Oak Harbor Freight Lines be disputed, customer should pay amount their records indicate is owed Oak Harbor Freight Lines, and submit documentation with payment explaining why freight charges were short paid. All pricing and rates are based on payment by cash, check, ACH or wire, unless otherwise stated in the pricing agreement.

Item 058 APPLICATION / DETERMINATION OF RULES, RATES, CHARGES AND/OR CLASSES

1. Density On Mixed Shipments:

For purposes of determining density on mixed shipments where each pallet/commodity is not individually itemized with corresponding weights on the bill of lading, Oak Harbor Freight Lines will add all the dimensions of all pieces/handling units/pallets where class is determined by density and divide into the total weight of these pieces in order to determine an average weighted density. Average weighted density will be used to determine applicable class for mixed shipments where commodities and weights are not clearly defined on bill of lading. Shipments that consist of differently classed items and one or more handling units that have been inspected and whose class is derived wholly or in part by the use of density will be classed at the total density of the shipment.

2. Default Classification / Unidentifiable Freight:

In the event a shipment is inadvertently accepted for which NMF 100 series item number(s) are not provided or cannot be established using the description on the bill of lading and/or the shipment was not inspected by carrier, a default class of 150 shall be used to rate the shipment. Should said shipment be scanned by carrier's dimensioning technology, a density based class shall be applied based upon density guidelines contained in Item 059. Upon satisfactory proof of the actual class, an adjustment shall be made.

3. Pallet Rates:

For purposes of determining pallet rate application, unless otherwise stated in the Pricing Agreement, the maximum weight per pallet shall be 2,000 lbs, the maximum length, width and height dimensions shall be 48 x 48 x 48 inches, applies only on outbound prepaid and applies only to direct points. When a pallet exceeds the weight and/or dimension maximums, an additional pallet charge will apply. When the total weight of a pallet rate shipment is more than double the max pallet weight, an additional pallet charge will apply each time a multiple of the max pallet weight is surpassed (i.e. a single pallet shipment at 2201 lbs with a max pallet weight of 1100 lbs. would equal 3 pallets or 3 times the pallet rate). Should a loose piece be tendered with a pallet, which is subject to pallet rates, the loose piece will be charged as an additional pallet.

4. "Bumping Rule":

This rule allows the shipper at time of shipment, to artificially inflate the weight of a shipment in order to obtain one lower class. A reference to Item 171 from a full scale density provision in the NMF 100 Series (National Motor Freight Classification) must exist for the specific commodity. The result of "bumping" to the next lower class cannot implement a negotiated FAK. The class "bumped" to would be the next lowest actual class.

5. Accessorial And Additional Charge Application:

Accessorials and additional charges will be assessed based upon the rules contained in this publication, when requested/required by the Shipper/Consignee/3rd party and/or when service is performed by Carrier personnel. Oak Harbor Freight Lines often uses electronic means (i.e. handheld units, electronic timestamps, wireless communication, etc.) to capture data/information used to access accessorial and additional charges. The lack of notations on the delivery receipt is not an indication an accessorial or additional service was not performed and is not an acceptable reason for non-payment. Statements on bills of lading attempting to exempt parties from accessorial or additional charges or requests for notification approval will not be recognized or honored.

6. Definition of Truckload (Volume) Moves:

Truckload (volume) moves are defined as shipments weighing 20,000 lbs. or greater, shipments specifically designated as pupload or truckload, shipments loaded to full visible capacity, shipments subject to linear foot minimum or shipments with application of the cubic capacity and/or density rule.

Item 058 APPLICATION / DETERMINATION OF RULES, RATES, CHARGES AND/OR CLASSES (cont'd)

7. Return Freight:

For negotiated return pricing to apply, the original Oak Harbor Freight Lines pro number the freight originally moved under must be referenced.

8. Additional services performed / requested may affect standard transit times.

9. Prepayment or Guarantee of Charges:

1. A **prepaid** shipment is one on which the charges for transportation service rendered at the request of the consignor, including charges for any accessorial services performed are to be paid by the shipper. When the status of the bill of lading states prepaid and bill to party is the same as the consignee name, carrier shall change status of bill of lading from prepaid to collect for the purpose of collecting freight charges.
2. A **collect** shipment is one which the charges for transportation service rendered at the request of the consignee, including accessorial services performed, are to be paid by the consignee.
3. A shipment on which charges are to be paid by a party other than the consignor or consignee will be accepted provided that the consignor has established credit with the carrier picking up the shipment at origin and guarantees to pay the charges if the third party fails to do so. Such a shipment will not be accepted if the consignor executes Section 7 of the bill of lading. When the party, other than consignor or consignee, fails to pay the freight charges within the time allowed, the carrier will have recourse to collect charges from consignor whether Section 7 of the bill of lading is endorsed or not.

Item 059 DENSITY GUIDELINES

Item 060 BILLS OF LADING – CORRECTED**BOLC**

1. Unless otherwise agreed to in writing, all shipments accepted by Oak Harbor Freight Lines shall be bound by the terms and conditions of the Uniform Straight Bill of Lading as specified in the NMF100 Series. Oak Harbor Freight Lines may accept freight on another bill of lading subject to the terms and conditions of the Uniform Straight Bill of Lading as the only terms and conditions applicable to such other form. On all bills of lading, the driver signature acknowledges receipt of freight only. Oak Harbor Freight Lines drivers are not authorized to sign and/or commit Oak Harbor Freight Lines to any liability in excess of the liability outlined in the NMF100 Series, the liability outlined in this tariff or provisions of pricing agreements and contracts in effect between Oak Harbor Freight Lines and its customers.
2. Shipments moving under Order Notify Bills of Lading will be subject to a charge of \$40.00 per shipment, which charge shall be in addition to all other lawful transportation charges. The charge for handling Order Notify shipments will be collected from the party paying all other lawful transportation charges. An Order Notify Bill of Lading is defined as a negotiable bill destined to the order of a person named in such bill. Order Notify shipments may only be delivered to the person who has physical possession of the original order bill.
3. When a corrected bill of lading or letter of authority to amend any aspect of a bill of lading is received from the responsible party, either Consignor, Consignee, or Third-Party, the following charges and provisions will apply:
 - a. \$26.50 per each corrected bill of lading or letter of authority.
 - b. Corrected bills of lading or letters of authority to change the payment status from collect to prepaid or prepaid to collect will be subject to the acceptance of the Carrier.
 - c. Corrected bills of lading or letters of authority to change the freight charge collection status from prepaid to collect will not be accepted if Section 7 of the corrected bill of lading has been signed by the Consignor, or once the shipment has been delivered, or if shipment has been lost or damaged.
 - d. Corrected bills of lading or letters of authority to change the actual or released value of a commodity will not be accepted after the shipment has been picked up.
 - e. Corrected bills of lading or letters of authority to change the freight class must be accompanied by the proper NMFC Item Number.
 - f. Changes in commodity description, weight, or pieces shall be accompanied by written documentation, such as original invoice or descriptive advertising copy.
4. Driver signature on the bill of lading acknowledges receipt of freight only. Terms and conditions contained herein and the Uniform Straight Bill of Lading contract as provided in the NMFC will apply.
5. Payment terms will be considered prepaid when not otherwise indicated on the bill of lading document.

Item 065 BLIND SHIPMENTS**BSF**

A blind shipment is one in which the shipper is not aware of the actual consignee and/or the consignee is not aware of the actual shipper. Carrier will accept a corrected bill of lading from another party involved in the transaction changing the consignee and/or shipper at the point of origin before the shipment leaves the original pick-up terminal.

1. A charge of \$30.00 will apply in addition to all other applicable charges.
2. Carrier must be satisfied that the requestor has the legal authority to divert shipment.
3. Requestor must provide a corrected bill of lading or letter of authority with desired change.
4. Actual origin city, state and zip code & ultimate destination city, state and zip code will be shown on Carrier's bill.

Item 070 CLAIMS RULES

The following rules apply to the Oak Harbor Freight Lines claims process.

1. Principles and practices for the investigation of disposition of loss and damage claims, I.C.C. regulations on freight claims (EX parto 263) (49 C.F.R. Part 1005).
2. All claims for loss or damage must be filed in accordance with the requirements set forth in NMF 100 series tariff Item 300100 through 300155 and within nine (9) months of the date of delivery, or in the case of non-delivery, within nine (9) months after a reasonable time for delivery has elapsed. The period for bringing a civil action against Carrier will be two (2) years and one day from the date the Carrier gives a person written notice that the Carrier has disallowed any part of the claim specified in the notice. Claims must be filed in writing and state the amount of the claim, the date of the occurrence, the location of the loss being claimed, and the bill of lading number.
3. Carrier shall not be liable for any claims for loss or damage unless claims are filed in accordance with paragraphs 1 and 2 of this item.
4. Customer shall not deduct or offset any cargo claim or other alleged claim or debt of Carrier from the charges owed to Carrier unless authorized in writing by the Carrier.
5. The filing of a claim in accordance with this Item is a prerequisite to the filing of a lawsuit against the Carrier. The failure to file a claim in accordance with this Item shall constitute an estoppels of any right to the filing of the lawsuit and said right shall be deemed waived and subject to a dismissal with prejudice.
6. Maximum liability charge for repair of damaged goods not to exceed \$50.00 per hour.
7. Procedures governing the processing, investigation and disposition of overcharges, undercharges, unidentified payment, duplicate payment or over-collection claims. (C.F.R. 1008)
And both amended by The Trucking Reform Act of 1994. (49 U.S.C. 10762 (a)).

Item 072 CONSEQUENTIAL DAMAGE DISCLAIMER

Except for claims for physical injuries to persons and damages to physical property, carrier will not be liable for:

1. Any special, incidental, or consequential damages (including damages resulting from loss, damage or delay to shipment.
2. Commercial loss of any kind (including damage to business reputation or loss of business or profits); or
3. Loss, damage, or expenses directly or indirectly arising from the provisions of OAKH services including failure to make a timely delivery, short delivery, or non-delivery by the carrier, whether or not carrier has been advised of the possibility of such damage or loss.

Item 100 AIRPORT PICK-UP OR DELIVERY

AIRPU, AIRDE

\$2.00 per cwt. subject to a \$40.00 minimum charge. Applies on any shipment picked up or delivered to an airport or company whose business is primarily air-freight where there is a broker involved and references an airway bill number (AWB).

Item 110 COLLECT ON DELIVERY (COD) SHIPMENTS**CODCHG, FEEC, FEFP**

1. When a shipment is tendered to Carrier and is indentified as a COD shipment, the following charges and provisions will apply.
 - a. 5.0% of the COD amount, subject to a \$60.00 minimum and no maximum fee.
 - b. An additional \$49.75 fee to change the terms and conditions of the COD shipment
2. The Consignor must provide the following:
 - a. The letters "COD" will be placed immediately before the name of the Consignee and in block letters across the face of the bill of lading.
 - b. The bill of lading containing all remittance information, that is:
 1. COD amount, which shall include only product cost
 2. Remit-to name, street, city, state and zip code
 3. The party responsible for the COD charges shown above, Consignor or Consignee
 4. Acceptable form of payment (see paragraph 3 herein).
3. The COD amount, COD fees and charges, and freight charges will be collected at time of delivery and will be subject to the following:
 - a. Acceptable forms of payment for COD amounts, fee, and charges from the Consignee are
 1. Cash, up to \$250.00
 2. Bank cashier's check, certified check, money order, or company or personal check when specified in writing by the Consignor.
 - b. Carrier liability ends when COD payment is given to the USPS or Express mail carrier.
4. Carrier will remit each COD amount collected directly to the Consignor (or payee if other than Consignor), within 20 days after delivery. Collection of COD amounts will be subject to the following:
 - a. Carrier accepts COD amounts only as the agent of the Consignor and is responsible and limited to the exercise of due care and diligence in forwarding such amounts to the Consignor or payee via US Mail or express courier.
 - b. Carrier will not be liable for collection and remittance of the COD amount if the Consignor does not adhere to requirements outlined in this item, or if shipment is refused by Consignee.
 - c. Carrier will accept changes from the Consignor prior to delivery, and will make a good faith effort to accomplish the requested changes, but does not accept legal liability for the COD collection and remittance amount to the Consignor or payee.
 - d. Carrier will not be liable for COD amounts not collectible as a result of stop payment, insufficient funds, invalid signature, uncollected funds, forgery, or any other reason beyond Carrier's control, even when Carrier is specified as the payee on COD check. Carrier will not be liable for accepting a facially valid and specified form of payment and will not be liable or obligated to take independent steps to verify the instrument. Shipper shall remain liable to Carrier for all freight charges and fee not collected on delivery. If the COD payment should become lost in the mail, or any other form of transmission, it will be the sole responsibility of the shipper to make arrangement with the consignee for replacement of the lost COD payment.
5. COD Maximum amount \$10,000.00. Carrier in no instance will indemnify Shipper for any COD amount in excess of \$10,000.00.
6. COD shipments will not be accepted if:
 - a. Indirect moves where the Carrier is not the party delivering the freight.
 - b. Instructions require charges to be collected from a party other than the Consignor or Consignee.
 - c. COD shipment is subject to inspection or trial by Consignee, or partial delivery is requested.
 - d. COD shipment is not destined to a point within the United States or Canada.
7. If, for any reason, the Consignor/Consignee does not adhere to the bill of lading requirements outlined herein, the Carrier shall not be liable for collection or remittance of the COD amount.
8. In the event Carrier fails to follow through and collect the COD amount to be provided by paragraph 2 above, Carrier liability for such amount will end at the expiration of thirty (30) days from the date of the delivery.

Item 460 GUARANTEED SERVICES (SUBJECT TO NOTES 1-8)

GS, GH

- 1. Guaranteed Standard Service (G.S.):** Oak Harbor Freight Lines will guarantee arrival of shipment by the close of business (5:00 pm) on the normal scheduled standard service day where G.S. Service has been requested by attaching an Oak Harbor provided G.S. sticker to the original bill of lading or has been clearly requested in the body of the original bill of lading. The fee for this service shall be an up-charge of 25% (1.25 factor) subject to a minimum up-charge of \$30.00 in addition to the normal applicable net freight charges. Should G.S. shipment not arrive within standard service time, all charges will be automatically removed from that particular shipment.

- 2. Guaranteed Hour Specific Service (G.H.):** Oak Harbor Freight Lines will guarantee arrival of shipment within a specified window of time, not less than one hour in length, between the hours of 8:00 am to 5:00 pm on the normal scheduled standard service day where G.H. Service has been requested by attaching an Oak Harbor provided G.H. sticker to the original bill of lading or has been clearly requested in the body of the original bill of lading. The fee for this service shall be an up-charge of 45% (1.45 factor) subject to a minimum up-charge of \$80.00 in addition to the normal applicable net freight charges. Should G.H. shipment not arrive prior to or within specified delivery window not less than one hour in length on normal standard service day, all charges will be automatically removed from that particular shipment.

Note 1: Standard Service is defined as delivery on the normal scheduled standard service day by 5:00 pm.

Note 2: Specified delivery window for purposes of Guaranteed Hour Specific Service must be between the hours of 8:00 am and 5:00 pm on the normal scheduled standard service day and must not be less than one hour in length. One hour windows requested before 8:00 am and after 5:00 pm will be delivered during the first available window (8:00 – 9:00 am) and the last available window (4:00 – 5:00 pm) respectively.

Note 3: Guaranteed Services will only be provided on shipments when requested on the original bill of lading at time of tender.

Note 4: Guaranteed Services apply to all points shown as direct and not served by an Agent in Oak Harbor Freight Lines points file in effect at time of shipment.

Note 5: Guaranteed Services do NOT apply to residential deliveries, truckload (volume) moves, weekend or holiday deliveries, convention / exhibition shipments (see note 6), indirect points, Agent points that show as direct or partnership shipments.

- Truckload (volume) moves are defined as shipments weighing 20,000 lbs. or greater, shipments specifically designated as pupload or truckload, shipments loaded to full visible capacity, shipments subject to linear foot minimum or shipments with application of the cubic capacity and/or density rule.

Note 6: Guaranteed Standard Service (G.S.) will apply on convention / exhibition shipments delivered to Oak Harbor's delivery Agent in Las Vegas, NV only. Oak Harbor will guarantee arrival of shipment to Oak Harbor's Las Vegas, NV Agent by 5:00 pm on the normal scheduled standard service day. Oak Harbor's Guaranteed standard service applies only of the arrival of the G.S. shipment at Oak Harbor's Las Vegas, NV Agent and not the final Agent delivery to the convention / exhibition.

Item 530 LUMPER SERVICE CHARGES**LUMP**

1. When carrier is required to acquire or utilize a service provider to load and/or unload freight from and/or to the carrier's vehicle, the carrier will not absorb any charges or fees accompanied with acquiring or utilizing said service. The carrier will be reimbursed for any expenses, charges or fees assessed by said service provider. Such expenses, charges or fees will be prorated by weight and proportional charges will be added to the freight bills involved. In the event the service provider assesses a charge on a per bill basis, said charge will be added to the freight bill.
2. Such expenses, charges or fees will be in addition to all other lawful charges and will be assessed against the payor of the freight charges, plus a processing fee of \$26.50 per shipment.

Item 535 GROCERY WAREHOUSE SERVICES**GROC**

1. In the event carrier is required to perform or complete additional services as a condition of the delivery to a grocery warehouse, the payor of the freight charges shall be charged for the cost incurred by carrier, whether the bill of lading indicates the freight charges are prepaid or collect. Additional services required to be provided or resulting from these services, may include, but are not limited to, such services as Inside Delivery (See Item 190), Sorting and Segregating (See Item 330), Detention of Truck and Driver (See Item 130), among others.
2. Where the grocery warehouse requires the use of a service provider for specific unloading services, carrier will be reimbursed by the payor of the freight charges for the cost of the required service charged by the provider, any resulting cost for delay incurred for detention or delivery completed after normal business hours, plus a processing fee of \$26.50 per shipment.

Item 540 RELEASED VALUE – CARRIER LIABILITY LIMITATIONS, ARTICLES OF EXTRAORDINARY VALUE (MAXIMUM VALUE) AND EXCESS VALUE LIABILITY **EXCVAL**

Unless excess value liability is requested and so noted as outlined below, articles with an original invoice value exceeding the limitations shown below in Column B, relative to the corresponding Class in Column A, will be considered to be of Extraordinary Value. Articles of Extraordinary Value accepted for transportation will be considered released at the value per pound shown in Column B, subject to a Maximum Liability of \$100,000.00 per Shipment. The maximum value per pound allowed will be arrived at by determining the actual Class, FAK or class exception articles actually shipped as. The maximum value allowed will be that which is shown in Column B opposite the Class indicated in Column A, as follows:

<u>COLUMN A</u>	<u>COLUMN B</u>	<u>COLUMN A</u>	<u>COLUMN B</u>	<u>COLUMN A</u>	<u>COLUMN B</u>
<u>Actual NMFC Class</u>	<u>Max Value Per Pound</u>	<u>Actual NMFC Class</u>	<u>Max Value Per Pound</u>	<u>Actual NMFC Class</u>	<u>Max Value Per Pound</u>
50	\$ 0.99	85	\$ 11.87	175	\$ 25.00
55	\$ 1.50	92.5	\$ 15.80	200	\$ 25.00
60	\$ 2.35	100	\$ 19.76	250	\$ 25.00
65	\$ 3.92	110	\$ 21.74	300	\$ 25.00
70	\$ 5.92	125	\$ 24.70	400	\$ 25.00
77.5	\$ 7.90	150	\$ 25.00	500	\$ 25.00

1. Per Handling Unit (per piece, per pallet, per carton, per drum, etc), Spot Quote and/or Flat rated shipments will move at a released value not to exceed \$0.99 per pound.
2. "Net Rate" shipments will move at a released value not to exceed \$5.00 per pound.
3. Except for released values or liability limitations as contained in pricing agreement, transportation contracts, OAKH 100 or NMF 100, or excess value liability is requested as shown in #4 below, the provisions of this item will apply as a maximum valuation per pound.
4. Should consignor desire excess value liability, the consignor must indicate in writing on the original bill of lading at time of shipment the total dollar amount of "Excess Value Liability" desired in excess of the above max value limits shown in column B, released value limits shown in NMF 100, released values contained in pricing agreement or released value items in OAKH100. A consignor requesting excess value liability would enter on the original bill of lading as follows: "**Excess Value Liability request in the amount of \$_____.**" Oak Harbor will assess a charge of \$5.00 per each \$100.00 of excess value liability requested subject to a minimum charge of \$50.00 per shipment. Maximum Excess Value Liability that may be requested is \$250,000.00 per shipment.
 - a. Claims law and filing procedures for proof of loss apply if excess value liability is requested. Requesting excess value liability does not relieve claimant of loss from claims law and standard filing and proof procedures.
 - b. Excess value liability may not be requested and will not be allowed on the following commodities: Used Commodities, Art, Household Goods, Personal Effects and DLP, LCD & Plasma Televisions.
5. When shipments move in International Commerce the following will apply:
 - a. On shipments FROM the United States TO Canada, carrier liability, as it pertains to valuation will be governed by the invoice value of the merchandise being transported.
 - b. On shipments FROM Canada TO the United States, carrier liability will be governed by the value on the Bill of Lading. Where no value is declared, the carrier's Maximum Liability will be \$ 2.00 per pound.

Item 550 RELEASED VALUE – ART

Art that is inadvertently accepted for transportation will move at a released value not to exceed \$0.10 per pound. Classification will be determined based upon the National Classification Committee density guidelines.

Art is defined as human works or pieces of beauty, design, sculpture, pictorial representation, etc. which main purpose is intellectual pleasure, appearance, aesthetic value or intrinsic value.

Item 560 RELEASED VALUE – HOUSEHOLD GOODS OR PERSONAL AFFECTS

Shipments moving via Oak Harbor Freight Lines containing household goods or personal effects will move at class 150 and will only be accepted for transportation when the freight charges are prepaid and the goods are released to a value not to exceed \$0.10 per pound. If a shipment containing household goods or personal effects is inadvertently accepted for transportation without the released value of \$0.10 per pound being notated on the bill of lading or shipping order, it will be considered as being released to a value of \$0.10 per pound.

Antiques that are inadvertently accepted for transportation will be considered to be household goods and will be released to a value of \$0.10 per pound.

Item 570 RELEASED VALUE – TELEVISIONS / MONITORS (DLP, LCD, LED, OLED, PLASMA)

Shipments moving via Oak Harbor Freight Lines containing digital light processing (DLP), liquid crystal display (LCD), light emitting diode (LED), organic light emitting diode (OLED) or plasma televisions / monitors will move at a released value not to exceed \$0.10 per pound.

Item 580 RELEASED VALUES – USED OR REFURBISHED COMMODITIES

Used or Refurbished Agricultural Implements or Parts, Used or Refurbished Electrical Equipment or Parts and Used or Refurbished Machinery or Parts: Shipments moving via Oak Harbor Freight Lines containing listed released value commodities will move at a released value not to exceed \$0.10 per pound.
